Kidney Centers

A Community Investment in Healthcare Leadership and Innovation

When you support Northwest Kidney Centers, you help us set the standard for kidney care in the Puget Sound region and beyond. As the first out-of-hospital dialysis clinic in the world, we wrote the book on quality patient care. In more than half a century since then, we've continued to lead the industry.

As a nonprofit, we reinvest your gifts to offer services above and beyond dialysis. Your support of this year's Discovery Gala helps fund programs our patients rely on every single day.
